

Dear West Coast Clinical Trials,

The Children's Clinic would like to thank you for your donation for the 19th Annual Beach Walk. Your support of this event is greatly appreciated.

The Beach Walk is one of The Children's Clinic largest fundraising events. Proceeds from this event will go directly toward funding the many programs and services the Clinic provides to uninsured and low-income children and families at its six sites in the Long Beach community. With the support we receive from generous individuals like yourself, the Clinic will be able to continue to ensure that no individual has to suffer from poor health due to his or her inability to pay for medical care.

Once again, thank you so much for your donation. The success of this event is dependent on the generosity of supporters such as you. We hope that you will join us for the Beach Walk on October 24th!

Sincerely,

The Children's Clinic
